

BUSSINESS CONTINUITY POLICY

Sharjah National Oil Corporation (SNOC), a leading energy provider in the Northern Emirates, is committed to a Business Continuity Management (BCM) Framework based on NCEMA 7000:2021. Committing to the need for continued business operations by our stakeholders, we extensively plan and strive to be resilient to any business operation adversities. Our strategy aims to define responsibilities and allocate resources that guarantee minimal disruption to our business.

We are committed to:

- Safeguard the continuity of our core business operations and ensure uninterrupted supply of our products.
- Ensure the reliability of our assets.
- Identify appropriate actions to mitigate potential threats to essential business functions.
- Minimize risk exposures and their potential economic impact.
- Ensure compliance with the UAE legal and regulatory framework.
- Transparent communication with our stakeholders.
- Develop and continually improve the BCM system.

SNOC is committed to supporting the national stability of the United Arab Emirates by adopting a business continuity management system.
